Z. Lane Passes Away Suddenly

Southern Pacific Section Foreman Swallows Strychnine

Auto and Bicycle Collide, Seriously Injuring El Verano Man

JAMES HARRINGTON COMMITTS SUICIDE ON LAST SATURDAY

Railroad Man While Temporarily Deranged Takes Own Life at Schellville Home in Wife's Presence.

James Harrington, for 22 years a well known and popular railroad employee, and for some time past section foreman at Schellville, committed suicide last Saturday night by drinking a vial of strychnine. It is believed that he was temporarily deranged, as for some time past he had been acting in a moody and erratic manner.

Taking the bottle of poison, which had been in the house for some time, he swallowed its contents while taking a foot bath. His wife, seeing what he had done, rushed to his side and remonstrated with him, but he told her she was making a fuss over nothing, and before she could summon help, he was dead.

Dr. McGrath was called, but arrived too late, for Harrington died within 10 minutes after taking the fatal dose.

Following an injury to his back some time ago, Harrington became despondent and since then had not been himself, so his wife and acquaintances declare.

Deceased was a native of County Cork, Ireland, and leaves his widow as the only near relative to mourn him. His funeral was from the St. Francis church Thursday, where mass was said for the repose of his soul, with interment in the Catholic cemetery, at this place.

The pall bearers were brother Woodmen, of which Order deceased was a member.

Contrary to a report, Mr. Harrington had not lost his job with the S. P. Company. Upon hearing of his death his superior in the company commended deceased for his long and faithful 20 years' service with the company.

Miss Irma Adler is enjoying the summer with San Rafael school friends who have a cottage at Bijou Lake Tahoe. Miss Adler is enthusiastic over the Sierras and the lake.

REALTY DEAL CLOSED; ANOTHER DEAL OFF

The transfer of the old high school building and grounds to Ernest Coates has been completed and put on the records of Sonoma county. The local Ford Agent, Mr. Coates, is now the owner of this fine piece of property.

The deal which was entered into by August Pinelli to acquire the residence property of Mrs. N. Davis, on Broadway, has been declared off, Mrs. Davis returning Pinelli's deposit when she found that he was contemplating erecting a garage. She had stipulated to her agent that she would not sell for that, or similar, purpose. Her belief was that Mr. Pinelli wanted to build an auto sales room. It is reported that Mrs. Davis refused to sell to the French Laundry, not wishing to have a commercial plant or factory on that site.

Four Drummers Drink Gin Fizz; Are Arrested

If you want to go behind the door and drink, be sure the door is locked. So think four drummers who were arrested by federal dry agents in the Occidental Annex, at Santa Rosa Monday while having a little gin fizz. The traveling men had a bottle of gin on the table in the room of one of the party and the clink of glasses was heard by some probis who were passing through the hall. The agents walked in on the tired and thirsty travelers, seized their bottle and arrested the salesmen. Bonds for the drummers were fixed at \$1000 each. The hotel management was absolved from any blame, but the men who committed the crime of bringing in the old, Gordon and drinking it will be prosecuted to the limit, so the agents aver. Moral: If you don't want to be a criminal, drink water.

ASK BIDS FOR THE VINEBURG HIGHWAY

Supervisor Fred Lowell's effort to get the Vineburg highway completed has been crowned with success and on Thursday of this week the supervisors adopted plans and specifications for the new county work which will connect up Vineburg with the Black Point cut-off state highway. Bids on the new section are advertised for in this issue of the Index-Tribune. They will be opened Monday, August 3rd, after which the job will be rushed to completion.

The new paved road is to be a continuation of the nice stretch of county highway built from Broadway to a point below Vineburg during the term of office of Ex-Supervisor Weise.

Heart Attack Fatal To Wealthy Orchardist After Motor Trip From Sacramento

Z. Lane, prominent and wealthy interests.

Orchardist of Sonoma Valley died at his beautiful home, El Rancho Ideal, yesterday at 12:30. A heart attack following a strenuous motor trip from the Sacramento Valley is thought to have caused his death. Mr. Lane was resting after his return home and suddenly fell back and expired. He had not complained of feeling ill and his death was a great shock.

Deceased was widely known in the North West where he had big timber

Mr. Lane came to Sonoma Valley from Washington some years ago with his family and purchased the George Engler ranch which he converted into highly productive property. A widow, daughter, Miss Beth Lane and son Warren Lane survive the deceased capitalist.

Deceased was about 67 years of age, and a native of Pennsylvania. Funeral services await the arrival of his son from the North.

MOURN DEATH OF THEIR ONLY DAUGHTER

Sonoma Valley was shrouded in sorrow when news reached here of the death of pretty little Lucille Mary Thierkoff, 15 year old daughter of Mr. and Mrs. Ed Thierkoff, formerly of Glen Ellen. The Angel of Death came to the young sufferer at St. Mary's Hospital, San Francisco where everything that medical science and kind nursing could do sought to conquer the fatal illness.

Lucille Thierkoff was born in Glen Ellen, where she was known and beloved by almost everyone. Removing to Healdsburg with her parents last year, she won many friends among her new school mates, and her death is generally mourned in both communities. A sweet young girl, the constant companion of her mother, a dutiful daughter just budding into young womanhood, her death is, indeed, a sad shock.

The funeral was held here Wednesday, Father Byrne of St. Francis church conducting the mass most impressively.

TELEPHONE AND LIGHT STATION IMPROVEMENTS

The P. G. and E. announces that the Sonoma sub-station is to be improved and brought up to standard at once. Twenty-eight hundred dollars will be expended for new transformers and other features designed to give better service to the public.

RECORD CROWD AT FIRE DEPT. DANCE

The Boyes Springs and Valley Fire Department benefit dance Wednesday night packed the Boyes Hot Springs Theatre and proved one of the most successful affairs ever given for the department. There were 768 paid admissions at the door, with \$114.50 reported as cash receipts at the theatre and \$100 from the sale of donated articles.

The dance was both a social and financial success and the response of the public is very gratifying to the committee, which worked hard to make the affair a success.

It is announced that the debt will be cleared and it is hoped there will be a sum to apply on the wages of the paid fireman now on duty day and night at the fire house.

A full report of this successful dance will be announced by the committee next week.

KERNER HONORED BY THE NATIVE SONS

Bert Kerner of Sonoma Parlor No. 111, N. S. G. W., has been honored with the office of district deputy grand president and installed the officers of Sebastopol Parlor last night.

The appointee is a leading Native Son of Sonoma and won recognition recently at the Grand Parlor through his earnest plea in behalf of the park fund for Sonoma's Bear Flag monument. His success in getting the appropriation of \$350 won him many friends. Kerner is the son of Al Kerner, pioneer Sonoma orchardist.

KENWOOD WINE DUMPED

Frank Bisordi, Kenwood rancher, paid a \$250 fine on a charge of illegal possession of liquor following his plea of guilty to the charge before Justice Leopold Justi of Glen Ellen last week. Following passing of the sentence an order for the disposition of the wine seized at Bisordi's ranch in a recent raid was signed by Judge Justi and 1100 gallons of wine were dumped by Deputy Sheriff Holmes. A small amount of wine which had been taken to the county jail at Santa Rosa as evidence in the case was also destroyed.

Mr. and Mrs. Ralph Murphy and family are nicely settled in their new bungalow on East Napa street.

SAN FRANCISCO COUPLE MARRIED IN SONOMA

At high noon Wednesday at the St. Francis church, William Callaghan and Catherine McCarthy, prominent and esteemed couple of San Francisco, were married by Rev. J. F. Byrne. The attendants were David and Catherine Murphy.

Following the ceremony the bridal party motored to Agua Caliente Springs Hotel, where Mr. and Mrs. Tom Corcoran had prepared an elaborate wedding breakfast. The guests included a number of friends from the bay cities, including Mr. and Mrs. John Murphy.

After partaking of the delicious menu amid toasts for happiness on the sea of matrimony, Mr. and Mrs. Callaghan departed on their honeymoon. Bride and groom have known each other for many years, their friendship culminating in the romantic marriage in our Valley of the

Will Represent Bear Flag City In S. F. Parade

The members of Sonoma Parlor, Native Sons, aided by the Sonoma Parlor of Native Daughters, have decided to have a division of their own in the pageant in San Francisco on September 9th, marking the State's diamond jubilee. So many of the stirring incidents of seventy-five years ago were staged in and around Sonoma City that the Native Sons and Daughters have plenty of material with which to evolve a striking picture in the San Francisco parade. They have already secured the little old army wagon used by General "Fighting Joe" Hooker as one feature. The little brougham in which General M. G. Vallejo rode will also be seen, and an ancient stage coach which in the early fifties was used on the run between Sonoma and Lakeville will be in line when the parade is held.

EL VERANO MAN IN TROUBLE OVER CHICKS

C. H. White, who has been residing on the Bolin ranch at El Verano, was arrested this week by Constable John Mohr upon a warrant sworn to by D. Rotenberg, the poultryman of Buena Vista, who alleges that White sold baby chicks which were not paid for and upon which Rotenberg held a chattel mortgage. White purchased 5000 chicks from the Rotenberg hatchery and after a time, when they were still unpaid for, White gave a chattel mortgage on the flock.

Rotenberg heard that White was selling off the chickens when they were of sufficient age to market and demanded his money. Getting no satisfaction, he had White arrested.

Judge Small heard the story, and believing that White was evading the debt, issued the warrant. White alleges that the Rotenberg chicks died and the ones he sold were a different lot. In lieu of \$1000 bail the El Verano man was taken into custody.

The offense, selling mortgaged property without the consent of the owner, is a felony.

SAM LEWIS INJURED WHILE RIDING HORSE

Sam Lewis, well known butcher and Spanish American War veteran, is confined to his home as a result of a painful accident caused while riding a spirited horse. Lewis, who is an expert horseman, was driving cattle for the DeMartini market when his horse reared up and fell backwards, the pommel of the saddle striking Sam in the groin. He was badly injured and may be confined to his home for some time.

Mr. and Mrs. John Wagon, newlyweds, were here from San Francisco this week.

Mr. Callaghan has been connected with Pope and Talbot, of San Francisco, for the past 30 years and both he and his bride are well known in the Mission district.

CAR DRIVEN BY PAUL ROBIN, JR., STRIKES BICYCLIST

Man Has Muscle Stripped From Arm Bone When Member Is Caught By Door Handle On Car.

Last Sunday, as Paul Robin, Jr., was driving his car on the highway near the Verano crossing, he suddenly saw a man on a bicycle turning from the Mosso cross road onto the highway just in front of him. Young Robin sought to avoid the possibility of an accident and pulled over as far as possible, hoping to give the bicyclist plenty of room. The man on the bicycle, L. Manry, a farmer, 50 years old, evidently misjudged the speed of the automobile and tried to get to the other side of the highway. He almost made it, but the handle on the door of the car caught his left arm, tearing it badly, and his bicycle was reduced to wreckage.

The unfortunate man was hurried to Dr. Thomson's office, at Sonoma, where it was found that the muscle had been stripped from the arm bone and one nerve severed. After first aid treatment, Manry was taken to the Burnsedale Hospital, where surgical attention was given him, the torn muscle sewed together and other means taken to restore the use of the arm of the accident victim.

Paul Robin, Jr., is an experienced driver and claims that he was not driving faster than 25 miles an hour at the time of the collision.

GLEN ELLEN INSTALLATION

Glen Ellen Parlor of Native Sons installed officers for the coming term, with Frank Berger of Santa Rosa, district deputy grand president presiding. A fine evening followed by a banquet was enjoyed. Among the pioneer Native Sons present was Robert P. Hill, who is a loyal Californian and deeply interested in preserving the history and traditions of our Golden State.

ENTERTAINS THE JUNIOR BRIDGE CLUB

The attractive bungalow of Mrs. L. H. Golton on Second Street East was the scene of a very pretty social affair on Wednesday of last week when Mrs. Golton was hostess to the Junior Bridge Club. The customary luncheon was served by Mrs. Golton and the color scheme, gold, carried out in decorations, place cards, favors, linen and menu. Covers were laid for eight.

After partaking of a delicious repast the Bridge Club members played their hands of cards, prizes being awarded to Mrs. Andrew Smith, first, with consolation for Mrs. Silas Olin. Hand painted china and a gold decorated vase were the prizes. The score cards were dainty conceits of yellow with decorations of butterflies.

The Junior Bridge Club meets once a month. The club is now sponsoring a new Cotillion Club, to be organized for regular dancing parties throughout the winter season.

EL VERANO NEWS

By ARCHIBALD McKIVER

Thirty-five hundred spectators arrived Sunday morning from San Francisco and the remains were taken Saturday and Sunday to watch the crack swimmers of the Pacific Association do their stuff. This was the largest crowd yet seen at the famous springs and the meet was one of the most successful ever held by the Pacific Association.

Friday evening, July 24th, is the date for the big show to be given for the benefit of St. Francis church, Sonoma, at Boyes Springs Theatre, Talent from San Francisco and also local talent is billed to appear on the all-star program. The popular pastor, Father Byrne, assisted by the entire parish, have been working hard to make this the show of the season and there is every indication that a big crowd will turn out to help the good cause along. Fine music will be featured at the dance and all are assured a good time.

Tom Connors, road master out of Vallejo, was inspecting the railroad yards at El Verano Saturday.

The Musante and Lester families of San Francisco are spending the summer at their Sonoma Vista home.

On last Sunday morning a grass fire in Western El Verano caused big excitement, but the raging flames were smothered before reaching several nearby homes in the chicken colony. El Verano's volunteer fire department surrounded the flames and with buckets and sacks combatted the blaze. The Boyes Springs fire department arrived shortly after. Summer visitors joined with the homes forces in fighting the fire which, fanned by a north wind, was spreading rapidly. The cause of the fire is unknown, it having started in the middle of a field and not along the county road. Tom Heggi, local chicken man, did good work by back firing and probably saved much property from burning.

Mr. and Mrs. Evans of San Francisco, were motor visitors to Sonoma Vista Sunday, spending the day with Mr. and Mrs. J. N. Beach, and attending the swimming races at Boyes Springs.

On Friday of last week, while "Speck" Farrell was exercising his race horse at the Serres ranch, the steed shied, throwing the rider who was badly injured when his collar bone was broken. John Serres started for the scene of the accident, driving a spirited horse. On the way the animal balked, and kicked Serres on the leg. Both men were taken to Dr. Thomson, at Sonoma, where the wounds were dressed.

Business is good on the S. P. Santa Rosa branch. An extra night freight has been put on to handle the large shipments of fruit and other tonnage out of Santa Rosa.

Mrs. A. Reynolds returned Monday night after spending the week end with Oakland relatives.

L. Manry, 60 years of age, while returning on a bicycle from his ranch near the Vallejo home, was struck by an automobile when he turned on to the highway from a side road. His arm was badly injured and he was considerably bruised and shaken up. Manry was taken to the office of Dr. Thomson, Sonoma, where his arm was dressed, after which he was taken to the Burnside Hospital, at Vineburg, where he is resting easy. His family resides in El Verano.

Mrs. M. Anderson and sons of San Jose, after visiting with Sonoma relatives, returned to that city Monday morning via the S. P.

E. H. Cliff and family enjoyed an outing in Napa county Sunday.

R. August, of Berkeley, 5 years of age, who, with his mother had been vacationing at the Deppin home in West El Verano, died Saturday evening. The little fellow had been ailing only a day, complaining of pains in his stomach. Dr. McGrath of Sonoma was summoned and did everything possible for the little boy, but it was of no avail and at 11 o'clock Saturday evening the little fellow lapsed into unconsciousness and passed to the Great Beyond. The mother is heartbroken over the untimely death of her little son. Mr. August

was taken to the College Town Monday for interment, by H. F. Bates of Sonoma. E. O. Gates and family of San Rafael were visiting former neighbors and friends in El Verano Sunday.

Mr. and Mrs. J. Steckmeyer and daughter were motor visitors to St. Helena Sunday, where they spent the day with the Wilkinsons.

N. Dal Poggetto, Sonoma barber, was an S. P. passenger out of El Verano Sunday morning, enroute to Oakland, where he spent the day with relatives.

George Cornelius of San Francisco is spending the week at the Cornelius home at Sonoma.

Mrs. T. H. Baines and daughter, after a pleasant visit with Modesto relatives, have returned to their El Verano home.

Charles Blomstrom was a first of the week visitor in Isleton, where he and a party of friends enjoyed a fishing trip.

Mr. and Mrs. Harry Burmester of Oakland are visitors at the home of the former's parents, Mr. and Mrs. H. D. Burmester.

WANTS POSSESSION OF THE BIGELOW RANCH

Charging that the Peninsula Development Company of San Francisco has failed to meet a \$5000 payment due January 15th on an option agreement to purchase his lease on the golf club, or Bigelow property, near El Verano, Fred F. Partridge, on Friday of last week filed in the superior court at Santa Rosa suit for restitution of the premises and \$900 damages for unlawful detainer.

Partridge alleges that on December 13, 1924, the corporation entered into an agreement with him to purchase his five year lease on the property, consisting of 238 acres of land with its buildings. Under the terms of the option, the purchase was to have been closed July 15th by payment of \$5000, the balance to be paid in installments. The company took over the property and is now in possession of the complaint states.

When the first payment fell due, Partridge alleges, no money was paid and in February an extension to July 1st was granted. At that time, it is claimed, demand was made on the corporation for the money, and when no payment was made, return of the premises was demanded.

The rental value of the property is \$300 a month, the complaint claims, and damages treble this amount are asked for unlawful detainer of the premises. Wallace L. Ware is attorney for Partridge.

REPORTS PLEASANT TRIP TO CONVENTION

Miss Kate McDonnell reports a pleasant time at the state librarians' convention in Eureka. The sessions were most instructive, attended by not only state library representatives from all over California, but by national celebrities in library work. Mr. Rowell, veteran librarian of U. C. at Berkeley, was presented with a silver loving cup.

The Eureka Chamber of Commerce arranged many nice trips, including a drive to Fortuna, where the State Teachers' College is located. There was also a lunch in the redwoods, given by the Eureka Woman's Club, at Dyerville.

While in Eureka Miss McDonnell called on Mr. and Mrs. Henry Hartin and the Will Cummings family, former Sonoma residents. Mr. Hartin has a meat market in the northern city. His daughter was recently married.

PLEASANT PARTY HELD FOR MISS MARTINELLI

Miss Vivian Martinelli was the motif for what probably was one of the happiest parties ever held in the vicinity of Petaluma. The gathering was at the home of Miss Filippini, on the San Rafael road, near town. Those who attended found the residence to be one of the pleasantest that can be found along the highway. Miss Martinelli soon is to be the bride of Ed Fraser, a Petaluma young man who is with the Shell Company.

It was because it was known that Miss Martinelli is a bride-elect that the guests made a shower of it. Thirty guests were present. Rounding out the afternoon cards were played, the winners being Mrs. R. Smith, Mrs. E. Barnes and Mrs. Martinelli.

And then there were delights for the palate. It was agreed all around the refreshments were revelations.—Petaluma Courier.

Miss Martinelli, daughter of Mr. and Mrs. U. J. Martinelli of Lakeville, was a former employee of the Central Commercial and Savings Bank of Sonoma.

FIRE DEPARTMENT CALLED

The fire siren brought out the new Seagrave last Saturday afternoon about 4 o'clock when an Oakland touring car was threatened with fire while ascending the grade of the quarries hill north of town. The blaze, caused by back firing, however, was extinguished before Charles Taylor and his fire ladders arrived. A little chemical from the extinguisher on the engine put out incipient grass fires in the vicinity of the machine.

THAT HOSPITAL NEED APPARENT

San Rafael is to have a fine new hospital. Sonoma Valley needs the same kind of an addition to its community life. We have a small private sanitarium which is a proven success. We had a similar institution destroyed by fire which was also a success. Sonoma's need is for a bigger institution than either of these. Our climatic advantages, our health giving mineral springs, are added reasons for a modern hospital where people may seek aid in emergency or win back their health.

A LIFE FILLED WITH SUCCESS

In the passing of Edward P. Heald, the State of California has lost a real educator. The pioneer founder of the noted business colleges which bear his name has occupied an important place in the development of our Golden State. He has turned out more than one generation of citizens prominent in the upbuilding of California, men and women well equipped for the work they have engaged in and the success they have won, because of the foundation given them at the Heald colleges.

Edward P. Heald's life was a great success because he achieved himself that which was his ambition, the education and training of pupils who would be equipped to take up life's duties and be successful. He lived to see thousands succeed and take high places in the community.

PRAYER TO OPEN COURT IS NEEDED

The effort of Attorney Clarence Darrow to have Judge Raulston of Tennessee eliminate the prayer which opens court at the evolution trial came to naught, for the Judge frowned down the suggestion, said he prayed at home and saw no reason why prayer should not prevail at the court session.

We believe that Judge Raulston realizes that in no place in the world is prayer more greatly needed than in a court room. We take this view from the observation of our courts and the effort at justice made by learned jurists and well meaning jurists who frequently bungle things and need divine guidance most certainly, though it does not always seem to percolate just right.

If a jurist is a believer in the Good Book it is right that court be opened with prayer, to remind him of the great precept and that he has been made in the image of God and should act accordingly. If the learned man on the bench, entrusted with the dispensation of justice has wandered far afield from religious teaching and inclines to evolution, then more than ever should prayer prevail in the court room that the evolved species on the bench or in the jury box may be brought in touch with the spiritual and have the light of divine truth, justice and charity illumine the way.

Human clay, whatever its intellectual attitude, needs all the guidance we can give it. If prayer will make for greater justice, lend strength and

wisdom to decisions, put brotherly love and human kindness into hide-bound, code-warped jurists, then by all means let us have prayer in our courts, whether in Tennessee or in California.

THOUGHTS ON GOOD ROADS

Pouring oil on dust beats pouring oil on troubled waters, as all motorists will attest. The oil given our highway by the State Highway Commission the past week was indeed welcome. Now, if the Boyes Hot Springs management could get the State to take over the much traveled road to the bath house, or iron out the bumps and oil the dust themselves, the happiness of our auto travelers would be complete.

SOMETHING IN A NAME

A "dry" agent by any other name is not just as sweet, so Judge Partridge has ruled in his decision that agents must give their real names when swearing to a complaint in liquor cases. As a result of this ruling 1500 defendants whom phobias put in jail will be freed. The fact seems to be dawning on the powers-that-be that all is not fair in love, war and prohibition. Some guarantees of the Constitution must be respected. Constitutional rights must not be trampled upon by "dry" agents any more than anyone else.

SCHELLVILLE AUTO CRASH HURTS THREE

One woman received injuries which kept her confined to the Francis Hospital in Napa over night, and her son and two young daughters were painfully injured Sunday afternoon when their car, a Buick sedan, was crowded from the Black Point road near Schellville and crashed into the embankment.

The injured woman was Mrs. Fannie Munter of Richmond district, San Francisco. She sustained serious lacerations about the head and arms. She was able to leave the hospital on Monday.

Both girls were badly cut on the arms and face, and one had a broken right arm. The boy was also cut about the head.

The party were returning to San Francisco from Sacramento and were taking the Black Point route home.—Napa Register.

PHILLIPS ADMINISTERS THE SORINI ESTATE

The \$10,000 estate of the late G. Sorini, wealthy and prominent wine and dried fruit man who died last February, is to be administered by Public Administrator Frank H. Phillips, if Mrs. Sorini's idea is carried out by the court. A petition to administer the estate has been filed by Dr. Phillips at the solicitation and request of the widow, who has confidence in the well known county official and believes that his stewardship will be for the best interest of the estate.

Dr. Phillips was here the first of the week conferring with Mrs. Sorini regarding the estate.

As public administrator of Sonoma county Phillips has handled some very large and important estate matters and his business ability and integrity have won him commendation from the interested parties and several grand juries, who have reviewed his work and thoroughly approved it.

WARNS RANCHERS ON CROPPING CONTRACTS

Reports that aliens ineligible to citizenship are buying fruit on trees in several sections of the county, intending to pick and market the products has led District Attorney G. W. Hoyle to issue a warning that landowners who enter into sales agreements with ineligible are guilty of violating the California alien land law. Unharvested fruit is real estate under the law, according to Mr. Hoyle, and to sell it to aliens barred from land owning in the state is as illegal as to enter into share cropping agreements with such persons.

A year ago Hoyle gave interested fruit growers an opinion to the same effect. Recently, hearing that ineligible aliens were seeking to buy Gravensteins on trees in the Sebastopol section, and that in some instances agreements were being entered into, the district attorney wrote to Attorney General U. S. Webb, and received an opinion from Webb upholding his stand.

All phases of the California alien land law have been sustained by the United States or state supreme courts and this feature of the act is covered under the section referring to cropping contracts, Hoyle believes.

While sale of fruit on trees is illegal, according to the district attorney, windfalls or harvested fruit can be sold to ineligible aliens.

COTTAGE IS NAMED AFTER CHARLES DUNBAR

Two new buildings just completed at the Sonoma State Home at Eldridge have been named "Dunbar Cottage," in compliment to Charles O. Dunbar and Charles A. Wright of Santa Rosa, members of the Board of Managers. This action, in keeping with an old policy of naming the buildings after members of the official board, such as the Poppe Cottage, was taken at the last meeting of the managers and has just been approved by the Department of Institutions.

When the finishing touches are put on the cottages, each of which will accommodate 60 persons, the names will be painted over the doorway. "Dunbar Cottage" will be occupied in about two weeks, and "Wright Cottage" the following month.

Several other buildings are to be erected at the Sonoma State Home in the future construction program, and some of the old buildings are to be replaced.

At present the Sonoma home is the only institution for feeble minded in the state, but at Pacific Colony, Los Angeles, construction of a new home has been begun.

The trouble is probably due to a burnt out circuit fuse. The electrical service in a home, store or factory is arranged in circuits, to distribute the energy so that small wires may not be overloaded and overheated by carrying too heavy current.

There are two fuses for each of these circuits, usually of the type known as "plug fuses." These circuit fuses are generally grouped in what is known as the "fuse-box." If one of these fuses is burnt out it will be discolored—smoky—underneath its insulating window, and must be replaced.

JACK LONDON'S WORK ACCLAIMED IN PARIS

Jack London's work seems to be the reigning sensation in Paris literary circles. The latest to be published is "The Star Rover," proofs of which have just had their final reading by the twin translators, Messrs. Gruyer and Postif, while Charmian London's lately translated biography of her husband has been accepted for serial publication by the Revue de Paris.

Now comes tidings that there has been a big debate upon the subject of Jack's novel, "Michael, Brother of Jerry," in the Universite du Faubourg in Paris. This is a very popular Parisian club in which are discussed the sensational questions of the day. When a successful book appears, immediately the author is requested to come in person if possible and defend his work against his adversaries. The debates are said to be of wide interest.

This meeting to discuss "White Fang" in relation to regulation of stage training for animals was held in a large theatre which was packed with readers of Jack London. The Jack London Club, now an international body with a huge membership (headquarters with the Boston S. P. C. A., Dr. Rowley at its head) was there to defend its ethics and practices. The famous radical orator, Georges Picete, spoke eloquently in favor of the Jack London Club and its ideals and growth.

The debate was given space in all the Paris papers, and London's other works were discussed. On the same day, Rene Lalau delivered a lecture on Jack London by radio transmitted by the Eiffel Tower and the Central Post Office Stations simultaneously, so that nearly 200,000 people were able to listen.

GIRL SWIMMER SETS NEW WORLD RECORD

The Pacific Association senior swimming championship for women was held last Saturday and Sunday at Boyes Springs, where the world's record for 50 yards was hung up by Eleanor Garatti, San Rafael's phenomenal star, who made the distance in 27 3-5 seconds. This eclipsed the record made by an Illinois girl in February of this year. The big crowd which witnessed the exciting events in the plunge did not realize that Miss Garatti was breaking a record as she hopped off for the 50 yard sprint, but everyone who witnessed the water contest event were thrilled by the ease with which her powerful, overhand strokes put her across the tank and were amazed at the under-water turn made by this girl swimmer in the second lap of the distance. Miss Garatti's long suit is this same turn which gives her rank and title to the national mermaid championship.

A fine specimen of young woman, plainly of Italian parentage, she gave a clear cut exhibition and smilingly acknowledged the great honor which came to her when the judges clocked the event and announced her winner, with Hilda Curtis second and Adrienne Gibson, third.

In the kiddies' swimming contest, in which Anna Steinkamp participated with the stars of the meet, the little Boyes Springs girl came out third giving a very good exhibition of her skill.

Edna Williams, of Lodi, and Adrienne Gibson tied in the finals of the speed contest.

The senior title to low spring board diving was won by Lillian "Bunny" Fergus of Alameda, with Bernice Phelan of Fresno and Hilda Curtis second and third place winners. The diving contests were most interesting, the jack knife and half side dives, the swan and other exhibition stunts being acclaimed by the crowds as the young lady athletes took their postures and jumped into the pool with perfect poise and super-skill.

The meet was acclaimed one of the most successful yet held and Boyes Springs demonstrated its following and the quality of the water in the pool proved a revelation to the little speed artists who competed in its inviting depths.

The young lady contestants were chaperoned by Mrs. Fergus, of Alameda, and the association officials in charge of the meet were Messrs. Ingkenson, Grace, Lineer, Hughes and Phelan. Rudy Lichtenberg and Fred Partridge did the honors as hosts.

GIRL WIFE CLAIMS SHE BORROWED BABY

A former Sonoma young woman created a court sensation in San Francisco on Thursday when Mrs. Elaine Campbell, 19, seeking annulment of her wedding to Bradford Eleanor Garatti, San Rafael's phenomenal star, who made the distance in 27 3-5 seconds. This eclipsed the record made by an Illinois girl in February of this year. The big crowd which witnessed the exciting events in the plunge did not realize that Miss Garatti was breaking a record as she hopped off for the 50 yard sprint, but everyone who witnessed the water contest event were thrilled by the ease with which her powerful, overhand strokes put her across the tank and were amazed at the under-water turn made by this girl swimmer in the second lap of the distance. Miss Garatti's long suit is this same turn which gives her rank and title to the national mermaid championship.

**DUMPING 77,000 GALLONS
OF WINE PROTESTED**

An entirely new point in connection with the prohibition enforcement law has been raised with grape growers of Sebastopol.

This is not to say with grape growers who plant vines for the market. This is to do with the growers of grapes who under the law are entitled to raise grapes for themselves with the vineyardists that want to make the 200 gallons of wine that the law allows.

These figured last autumn that rather than be bothered with getting their own wine presses and having people come down on them with complaints that they are illicitly making prohibited juice, they would send their grapes to a big winery in their neighborhood. The result has been that there are more than 77,000 gallons of the finest wine on hand that was ever made at the one plant.

All this was made for neighbors in a nearby place that knew how to make it.

Then the government got busy. Sleuths decided this was too much wine for the one establishment to have on hand. These sleuths counted every gallon.

But they didn't count how many owners there would be for each gallon of wine.

And then there went into the federal court at San Francisco what the lawyers call a libel.

That means that Captain Charles Goff has asked legal permission to destroy wine that under the law the people declare they are entitled to have. When these facts are given to the court, it is claimed there will have to be an entirely new interpretation of the law to make.

Probably it will take a supreme court decision to say if a man must make his wine in his own backyard or if it is his right to have his neighbor make it for him.

**ESCAPE FROM ELDRIDGE
THOUGHT TO BE BURGLAR**

An epidemic of petty thievery, believed to be the work of a youth who escaped from the Sonoma State Home at Eldridge several weeks ago, was revealed following the investigations of the sheriff and police officials of three burglaries in upper Fourth street, Santa Rosa.

Places entered were as follows: Burbank Cleaners, owned by Mrs. Ward von Tillow. Entrance made through window. One pair of trousers stolen.

Eldridge Service Station, owned by Jack Eldridge. Entrance made thru front door by breaking glass panel in door and unlocking latch. Nickels and dimes totaling \$1.60 and a flashlight were taken.

Santa Rosa Free Library. Thief believed to have hidden in basement of library and been locked in. Till broken into and \$3 in silver and 50 cents in stamps taken.

Edward Shetler, 21, who escaped from the home for the feeble minded was believed to have been the perpetrator following the finding of a pair of overalls in the creek back of the Burbank Cleaners by Deputy Sheriffs Holmes and Robinson, who investigated this burglary. At the time of his escape from Eldridge Shetler wore a pair of blue overalls and the only thing taken from the cleaning establishment was a pair of trousers.

Shetler is believed to be hiding somewhere in the area formed by the paralleling of the Santa Rosa and Metanzas creeks, evidences of his stay being found in the disappearance of numerous chickens in the vicinity of Doyle's Park in Sonoma avenue, and the theft of milk and sandwiches from the luncheon of a party of picnickers at Doyle's Park.

The Hibernia Savings and Loan Society of San Francisco has adopted a system of computing interest on savings accounts which is a step forward and an advantage to its depositors who systematically add to their accounts from month to month. **LELAND BRUBECK HOME
BURNS TO THE GROUND**

On Thursday of last week at 7:30 o'clock in the morning the pretty ranch home of Mr. and Mrs. Leland Brubeck near Yuba City, burned to the ground. The family lost all their furnishings and personal effects in the flames.

By strange intuition, Mrs. Brubeck, who usually put the baby to sleep in the room where the fire originated, changed its sleeping place and thus saved the little one from serious injury or death. The mother was putting out washing in the yard when she detected the smell of fire. She could not at first locate it and resumed work, only to rush into the burning house a minute later and rescue the baby from a part of the house which had not then taken fire. A short time later the whole place was in ashes.

Mr. and Mrs. Grover Rubke, who made the trip to their Marysville ranch last Sunday, stopped to see the Brubecks and found Mrs. Brubeck searching the ruins for her diamond ring which was among the valuables lost in the conflagration.

The Brubecks formerly resided in Sonoma and have the sympathy of all in the loss of their home.

Mr. and Mrs. Nelligan of Santa Rosa, (Olive O'Donnell), have returned from their honeymoon at Tahoe and are at Rio Nido.

"Yes, sir, that old Ford hasn't soldiered a day since I took to using this new Zerolene 'F' for Fords."

Ford owners who "tried out" Zerolene "F" for Fords when it was first put on the market have been sticking to it ever since.

Zerolene "F" for Fords is made by the Standard Oil Company's patented vacuum process. It lubricates all the bearing surfaces where oil is needed, especially the wrist-pin bearings and the upper half of the cylinder walls, which are frequently "oil-starved" when an unsuitable lubricant is used. The result is improved gasoline mileage, quicker starting and increased freedom from carbon and other motor troubles.

SPECIAL
TYPE-B SEDAN**

Observe the special equipment: balloon tires with steel disc wheels, nicked radiator shell, front and rear bumpers, motometer with lock, windshield wiper, cowl lights, scuff plates and special body striping.

Then consider the sturdy and dependable character of the car itself and you will understand why it is equally attractive to men and to women—and exceptionally attractive to both.

POTATO PEELINGS ARE USED FOR HOME LIQUOR

A new whisky making recipe was made public this week when Constable El Horstketter and Deputy Sheriff Leslie Tracey confiscated a still and a quantity of mash in the home of Mrs. Mary Magni in San Rafael. The mash was made of potato peelings. Mrs. Magni, when arrested, asked the officers why couldn't she make a living like other people. She has been arrested once before on a liquor charge, two years ago.

Mrs. G. H. Cornelius, wife of a former city treasurer of Sonoma, and mother of Emil Cornelius, U. S. mail carrier, was here visited her Sonoma relatives last Sunday.
